Dr. Sr. A. Jenitta, Vice-principal felicitates the gathering

Summary:

The session begins with prayer by Dr. Sr. A. Jenitta, Vice-principal cum chairman of ITEIC and the welcome address was proposed by Ms.Sowbarnika, IV/CSE. The chairman of ITEIC felicitated the programme. Mr.S.Jayaprakash, ASP/CSE started his presentation by various domains of projects to the students. Then he highlighted the importance of doing projects. A few other relevant points that he spoke about the internal projects and external projects. He elated the fact that 'understanding' is just one aspect of the teaching learning process, executing it and measuring the learning outcome is what makes it effective and

Patent searching

- Search for 'automatic razors' - Found relevant information under, "shaver," "de-hairing device," "hair removing device," and even "unhairing device."
- Search for Aspirin - Found under "acetylsalicylic acid", "anti-inflammatory agent or cardiovascular drug"
- Search for printer - Found under "output device", "physical print media"

Keyword searches or technology class searches?

Keyword searches	Technology class searches
<ul style="list-style-type: none"> Patent applicants don't use a common language Legal implications Scope of protection Hide from competitors Hard to find the right keywords Good results usually require professional patent search experience 	<ul style="list-style-type: none"> Each patent classified by patent professionals IPC is hierarchical and very detailed: you can gradually narrow down searches Descriptions of classes written in such a way as to be easily found and understood Little experience required BUT: IPC classes won't match your needs 100%
